Linkedin: @tarayazdian99

Master's student in **Human-Computer Interaction** at **Utrecht University** with a background in frontend development and a growing passion for **UX research and design**. I enjoy exploring how people interact with technology and turning those insights into simple, user-friendly interfaces. I have some hands-on experience with **Figma** and I'm looking for an **internship** where I can keep learning, collaborate with a team, and contribute to meaningful digital products.

Skills

Design & Research: **UX Research** - **Wireframing** & Prototyping - **User Journey Mapping** - Usability Testing - Personas & Scenarios
Technical: **Figma** - HTML - CSS - JavaScript - Git
Tools: Miro - Canva - Trello / Jira

Workshops

Figma UI UX Design
Daniel Walter Scott, Udemy
